

# The 10<sup>th</sup> International Mycological Congress 2014

The first IMC to be held in Southeast Asia  
in the vibrant city of Bangkok!

Main Conference: 3<sup>rd</sup> - 8<sup>th</sup> August 2014

Venue: Queen Sirikit National Convention Center, Bangkok, Thailand

REGISTER IN 7<sup>th</sup> OCTOBER 2013 AND ENJOY EARLY BIRD DISCOUNT (Save up to USD 100)

## Greetings from IMC10

**Kingdom Fungi**, constitute in excess of 1.5 million different species and they can be found in every ecosystem on our planet. By the same token, their diversity is enormous and they have a great impact on man and the environment. **The aim of this conference** is to look at the enormous wealth of species and genetic diversity in the fungi, biological functions, relationships and adaptations to our changing environment and to discover their ever increasing role in providing benefits to mankind.

**DON'T MISS THIS OPPORTUNITY TO MEET TOP MYCOLOGISTS & NETWORK!**

## Conference Speakers

**Pedro Crous**, Centraalbureau voor Schimmelcultures, The Netherlands

**Gregory Jedd**, The National University of Singapore, Singapore

**Lynne Boddy**, Cardiff School of Biosciences, UK

**Gerald Bills**, University of Texas Health Science Center at Houston, USA

**Joseph Spatafora**, Oregon State University, USA

**June Kwon-Chung**, National Institute of Allergy and Infectious Diseases (NIAID), National Institutes of Health, USA

**Pier Luigi Nimis**, University of Trieste, Italy

**Xingzhong Liu**, State Key Laboratory of Mycology, Chinese Academy of Sciences, P.R. China
